Re: MUR 6143

Dear Ms. Paoli:

As per our conversation this morning, we would like to ask for an extension of time in which to respond to the Commission's reason to believe findings against respondents in this matter. Specifically, we will submit responses on behalf of April Spittle, Stephen Moses, Gino Isaac, Mark Becsley, Eugene Biagi, William Danielczyk, Phil Layton, Erio Wagner, Zahir Ahmad and Galen Capital Group. We received letters from the Commission on March 5, 2009 and are asking for an additional 20 days beyond the initial 15 days in which to respond.

Please let me know if you have any questions or need additional information.

Sincerely,

Melissa Laurenza
